

The Curvassi range of bending machines manufactured in Italy, have been designed for high quality tube bending. Formers for bending metric tubes and 'gas' pipes are readily available together with guide rollers and counterformers. Two models are available with tube bending capacities of up to 60mm and 76mm, all with programmers for high efficiency production bending.

**Machine Features**

- Heavy duty construction
- Excellent bend quality
- Quick release guide block
- Programmer with 40 memories with up to 5 bends per programme
- Pre bending facility
- Complete tooling service
- Gear reduction in oil bath

**TECHNICAL SPECIFICATIONS**

MODEL STOCK CODE	RTS	
Capacity mm (Mid Steel)	76.1 x 4	
Maximum Bending Angle	180	
Motor	Kw	4.0
Bending Speed	RPM	5
Length	mm	1300
Width	mm	700
Height	mm	1300
Weight	Kg	500
