336 HIGH x 927 WIDE

*Single Skin Roof Layout / 43x43 ledge angle surround / DS4/4 transome between panels.

**MAINTENANCE OF:
SINGLE SKIN INDUSTRIAL
STEEL PARTITIONS**

SINGLE SKIN STEEL partitioning is designed with minimal maintenance in mind; however, the following checks are advisable to ensure trouble free performance.

1. Side hung doors - every 6 months check furniture, locks and hinges for operation, lubricate as necessary.
2. Sliding doors - every 6 months check door gear for operation, lubricate as necessary. Check all fixings for tightness.
3. Partition panels and mullions - every 6 months check all fixings for tightness and wear, replace as necessary.
4. Dirty marks may be removed by sponging with mild detergent solution.
