

SL32 Belt-Driven Pillar Drill 415v – with integrated tapping

SL32

The Meyer SL32 Belt-Driven Pillar Drill is a durable machine for heavy-duty drilling. With its belt-driven mechanism and large capacities, it features integrated tapping for industrial use. Despite its price, it includes a coolant system for efficiency.

It offers ample height beneath the spindle and table. Powered by a 415v (3-phase) supply, the SL32 ensures reliable operation.

TECHNICAL SPECIFICATIONS

MODEL		SL32
Capacity	mm	32
Tapping Capacity		M20
Column Diameter	mm	100
Spindle Taper	MT no	3
Motor	kw	1.5
Speeds	rpm	100 - 3000 (Inverter)
Spindle Stroke	mm	150
Work Table	mm	380 x 400
Coolant		Yes
Length	mm	1040
Width	mm	640
Height	mm	1750
Weight	Kg	310

Machine Features

- Belt-Drive head
- Heavy-Duty
- Floor Standing
- Integrated tapping
- Large work tables
- Auto tool release
- Eye shield with interlock switch
- Rise and fall table
- Forward and reverse
- Coolant

Optional Equipment

- Morse Taper to Weldon Adaptor
- Drill Press Vice: 18009
- Universal Cross Table: 18047
