

BIANCO

Bianco MS Auto Down Mitring Bandsaws

Bianco have been manufacturing bandsaws in Italy for over thirty years and have built a reputation for producing precise, reliable, and accurate machines. All machines have modern cast bows from special alloys to ensure one of the highest precision bandsaw ranges available.

This MS model has quick mitring head capability allowing fixed roller track systems to be installed with the ability to cut at any angle up to 60 degrees. Thanks to the inverter, this single-phase machine offers variable cutting speeds for both mild steel and stainless steel.

**Bianco
420MS**

Machine Features

- Special feature where you can choose between Instant pull down or switch to Automatic gravity down feed with variable control
- Quick mitring swivel head up to 60°
- Fast cutting
- Cast bow construction
- Carbide blade guides for high accuracy
- Variable cutting speed
- Heavy Duty
- Coolant System
- Blade tension indicator
- Safety interlock switch fitted to bandwheel cover
- Material length stop

Optional Equipment

- Spray mist cooling system
- Pneumatic Vice
- Roller track and measuring systems
