

STERLING

SRA DGSA Semi-Automatic Bandsaws

The Sterling SRA DGSA range of heavy duty bandsaws are well known and suited in the structural fabrication markets. They are renowned for their strength and durability built to process high tonnage. Some of the biggest structural fabrication companies in the country use these saws with great success. The Sterling brand is one of the most leading brands in the metal cutting world. Reliability, dependability and high accuracy are hallmarks of Sterling bandsaws.

SRA360 DGSA

Machine Features

- Double mitring swivel head 60° left and right
- Ergonomic mobile control panel to control all machine functions
- Hydraulic cutting with variable pressure and variable down feed speed
- Variable speed
- Hydraulic Vice
- Hydraulic bow lock at any angle
- Auto bow height return adjustment
- Carbide blade guides for high accuracy
- Flood coolant system
- Blade tension indicator

Optional Equipment

- Hydraulic sliding vice
- Variable vice pressure
- Chip conveyor
- Spray mist cooling system
- Roller track and measuring systems

SWARF WHEEL

HYDRAULIC VICE

HEIGHT ADJUSTMENT SWITCH

BLADE TENSION INDICATOR

HEAVY DUTY MOTOR & GEARBOX
